Today is 9-29-14

28 U.S.C. 1332 Diversity

Jurisdiction on a 2241 preconvict habeas

corpus for 2014 and 2015 and 1993 and 1991
illegal acts still affecting me today

claim ① in about 1991 when I was a minor

I was illegally kidnapped by a private transport company by my mom paying him to take me from Georgia, to San Marcos Texas private mental institution for children only, without any Georgia or Texas court order, without me accused of any crime in either Texas or Georgia, without my consent ^② I was held in that Texas mental ward for about 2 years against my will, I was injected with numerous different very powerfull anti-psychotic medicine against my will, I was never given any court appointed attorney, I was never given chance to challenge extradition to Texas my mom mainly wanted a way to get rid of a kid without getting abandonment or newer charges and my mom did not want to have to visit me and my mom did not want to have to pay child support, so

Pages pg 2

She illegally put me in mental ward, no investigation
 for my crime was ever done, I was never given any
 credit for these 2 years towards any of my
 incarceration after that, I was never compensated
 of any Texas crime or any Georgia crime or losses
 from this, I'm still suffering physically & mentally from
 that illegal treatment so this is on time, I never heard
 voices in my life, I never saw things that was not there
 in my life, so no real probable cause ~~exist~~ to off
 bring me to Texas, no defense was ever offered by
 Texas from Texas, no defense was ever offered by
 Texas from Georgia, government failed to protect my rights,
 I was never compensated, mental ward received millions
 of dollars for this from my parents insurance, this makes up
~~Biographies simply to get Rich~~

(2) In about fall of 1992 while I was held illegally
 in Texas above mentioned mental ward, I was a virgin,
 yet I was illegally arrested by mental ward saying I
 grabbed a adult women butt one time, which was illegal
 since I was accused of doing crime while I was illegally
 held in Texas mental ward in 1st place, and I was on over
 3,000 milligrams daily of anti-psychotic meds, all
 supposedly due to me having body ticks such as my
 hands jumping out and my feet kicking out against
 my own will, which is now believed by some to cause
 by medicine, and due to my brain having seizures,
 but not my body, as their MRI brain scan machine
 they said barely shaved and only shaved sometimes and
 only shaved if they looked real hair, when I was born
 normal, I got a fever of 108 F. that
 stayed that high for 2 weeks which resulted in cerebral

Claim 123

physical damage to my brain, but I've been in
 19 different prisons for past 11 years straight now
 and 13 other county Jails pre 9/11 w/ Rant being on
 my medicine, without any diagnosis, without being on
 any mental health plan or carecard, without being recommended
 for any mental health either without any Lenette
 syndrome body jerks, without any temporal lobe
 seizures, so that proves the brain school mental
 ward lied to coming from me there,
 I never was convicted of any felonies come from that
 Texas 1992 arrest, I was held in Texas mental ward
 after Texas arrest, I still don't know it was on Bond

- (4) about March 93 or chapter mark 92 on so
 my mom and stepdad illegally kidnapped me
 again from Texas, by signing my out of Texas mental
 ward after I ~~was~~ became so soft
 supposedly against doctors advice and was
 transported back to Georgia without my court
 appointed attorney, without any hearings to charges
 extradition, without any court order, against my will,
 as I wanted to go to Tennessee, so Texas dropped all
 charges parents brought me back to Georgia and
 mental ward let them, mental and never filed
 Court I was Being Reckless, my parents never
 told me they were dropping my bail, but Texas
 told by my parents that the District attorney said
 if I left Texas they would drop charges,

claims pg 4

(S) in about Feb 2011 I was driving a truck
through Texas from my 18 wheeler semi driving to a
wreck site in Colorado. At a Rest stop there were not
available in 13,000 elevation area of Denver
Colorado, when in Amarillo Texas a cop pulled me
over for supposedly doing 5 mph over speed limit
but I never getting ticket, the officer arrested
me for assault/warrant Pending from CO Texas
menthol and stuff speeding charge, he told me they
always pull over trucks as its a big drug trafficking
vehicle mextons are, so no probable cause if you
don't exist, and I was held without any attorney
Texas attorney didn't give me, and my road was 9 years
old, but I was held in Texas Amarillo Jus) for 10 days
then I was held 24/7 in claims as a private
extraction bus for several days forced to sleep that
way, then I was held in either San Marcos Texas
or San Antonio Jus) for days without giving any
paper work, no attorney was given me in San Marcos
or in San Antonio, then I was freed from Jus) without
telling why, without giving any Release papers, with some
dirty clothes to wear, while my truck was 45000 miles away
now without knowing where Texas, so I had to
walk to gas station and ask for phone book, none
available, asked to use phone to call taxi, no phone
working, so I asked where is Greyhound Bus Station,
luckily it was straight up Rd only a couple miles,
so I went to Georgia get my car drove to home of
a UPS employee to pick up my stuff and then I was
drove back to Georgia

claims pg 5

12 confirm, it illegal, as Texas, it still supposed to have jurisdiction over

(B) as of right now on 29/14 Texas has still not got a Georgia defoner to have me prosecuted on my current Ga. lush staff pos to commit indictment now pending against me, so my current lush charges are illegal, since I'm supposed to be in Texas court to be tried

(14) as of right now on 29/14 Texas has still not got a Georgia defoner to have me prosecuted on my Cobb County Georgia 1997 Sept 4 B arrest in misdemeanor case, so these 98 charges are null and void including probation violation
